***A very nice Fall day greeted buyers represented by GA, AL, FL, SC, MS, TN, KY, VA, AR, TX, and OK. The top end was very strong as several buyers competed for those lots. There was some excellent buys throughout the day in all categories. There continues to be new buyers of Charolais at all most every sale, a very positive sign. Georgia and the whole south is in a very severe drought, so this make the sale even better!***
