HEALTH

All cattle selling of test age will be tested for Brucellosis and T. B. within 30 days of sale or originate from a certified and/or accredited herd or free state. A proper interstate health certificate will be furnished. All females selling as pregnant will be pregnancy tested by vet and called accordingly. All bulls of age will be fertility tested satisfactory and will be Trichomoniasis tested free. PA test will be noted in catalog as submitted by consignor or listed on AICA.

TERMS & CONDITIONS

All sales are cash or check and settlement must be made upon conclusion of the sale. Cattle will not be released until settlement is made. Please make checks to Outfront Cattle Custodial. This sale is conducted under standard sale conditions and a copy is available at the settlement desk or by written request.

BIDDING

If you are unable to attend, you may phone your bid into the sale manager or AICA fieldman, and they will bid for you, in strict confidence. For details or more information, please call the sale manager.

TRUCKING

A special trucking arrangement has been made if arranged by the sale manager. Please contact for details. Rates for local hauls are also available at reasonable prices.

SHIPPING

Buyers are responsible for all shipping and handling fees for embryos & semen and any signing fees on sires.

INSURANCE

Insurance is available at the settlement desk.

PERSONAL SAFETY

You attend at your own risk and Outfront Cattle, Knoxville Livestock Market, and the GA, FL, & SC Charolais Assoc. are not responsible for any accidents or exposures to Covid 19.

WELCOME TO THE 2024 SOUTHERN CONNECTION SALE

After a fantastic Appalachian Classic sale in April, I'm looking forward to another great sale in October with the Southern Connection! We're loaded with some outstanding cattle that represent some of the best of the breed. Many of the feature consignments are both A-I sired and ET offerings along with very proven natural bred genetics! As exciting as the commercial cattle market is currently, it gives us a tremendous opportunity to elevate our breeding programs by culling lesser producers! And invest wisely in some of the proven, best Charolais cattle genetics, that have been carefully propagated. The time-honored matings here also contribute to opportunities to use those genetics that have been highly successful for some time.

We also have an outstanding set of herd bulls for your selection! Weigh bulls are bringing \$4-5,000 now at regular sales and if you need to freshen up your genetics, it's a perfect time to get these young, virile bulls, ready to go with super EPDs and performance. As we have matured as a breed, performance, EPDs, and name recognition of sires create more profit when you want to sell your offspring!

Please look over the great offerings in this sale and join us for a tremendous Charolais event!

Sincerely,

Dennis Adams

5 months safe in calf on 6/22/24 to Hayden G840, PAF, M883344, a son of M6 New Standard 842 P ET. B901 represents some of the best in older genetics that formed great foundation in the breed with the great Cigar and Wyoming Wind x OHF Vanessa D029! I always say, "you can never own too many Cigar daughters" and this one proves that point. Cigar offspring have topped sales here, the AICA National Sale and many more. The M6 Ms E46's Duke 248 and Thomasswissersweet1764ET, dam of TR Mr Firewater 5792RET are just two of the great ones in the breed!

Bred A-I on 12/4/23 to LT Countdown 9712 Pld; PE from 12/30/23 to sale to Hayden G840. Blue Value females have developed quite a great reputation for outstanding females! MW Farms, TN, owns her dam, OHF Vanessa K828 ET. B906 ranks in the top 5% CE, 20% BW, and 20% Marb for EPDs in the breed. This will be an awesome strong marbling lineage in her offspring with Countdown! This total package could very well put you into the lead of the breed for stout genetics of the most current bloodlines available!

15A: Pld Heifer calf # B476, born 1/21/24, bw 73, sired by Heart J Royal Range 1743, M960235. Sells PE from 2/7/24 to 5/7/24 to DC/CJC Sage K1175, M982947. Royal Range is a blend of Resource 417 and Cooley Royce. Sage is a grandson of Shark, one of the power herd sires at DeBruycker's and his maternal grandam is F1380, the 2024 "Pick of DeBruycker Herd". Her dam, E904, is in the Herndon Farms ET program and has produced 18 offspring registered with AICA.

PE from 5/29/24 to sale to Reaves Hosea 2283, EM985583, a PAF, homozygous Polled sire. Almost 100% M6 Ranch genetics that have captivated many breeders for the past few years. The M6 Confidence bull is a major herd sire for Joe Garcia and Matt Powers in Georgia and have been great sellers in the Bradley 3 Ranch sales in Texas. This young female offers a tremendous solid background with great anticipation of her first calf by Reaves Hosea that should be a great calving ease sire along with plenty of great style and performance.

Sells Open. This big volumed, thick, meaty female still retains plenty of femininity and style! Genesis has done an outstanding job of siring super females. This son of the New Zealand bull S.Evolution and maybe one of the most perfect broodcows you come across Ms Zeus B25 was a perfect combination. B25 would probably be in most people's ET program by now as she is just that good!! The dam side traces to a donor cow of Rick Evans' E11 that has also been a very prolific and productive producer! A very strong DeBruycker background on this very solid and complete prospect!

Sells Open. Superb offering in this great big and long bodied heifer with worlds of potential. Georgeanne will be quick to tell you her dam, Miss Throttle Body may be one of the best cows they have owned production wise! Her calving interval is remarkable and all 11 are natural calves, no ET's. CI 11/13; 12/14; 10/15; 10/16; 8/17; 11/18; 10/19; 9/20; 10/21; 9/22; and 7/23. If every cow had this fertility level, it would make raising cattle much easier and profitable! Her first calf, WC Injector was a herdsire for Buzhardt Charolais and used by John Dellinger.

Bred A-I on 3/12/24 to JMAR Jubal 5P01, M953191, PAF, HOP. This son of Pleasant Dawn Chisum is a very easy calving sire and his calves have the best disposition of any bull we have worked with. His dam was a featured donor at JMAR's. WOW! What a magnificent heifer! PAF, a beautiful designed heifer, very correct, plenty of volume, thickness, depth and correct lines for super eye-appealing conformation! Gridiron 437W has sired some amazing females and this certainly is at the top of the list! Foreman is a calving ease and marbling specialist! A perfect match!

Bred A-I on 4/23/24 to JMAR Jubal 5P01. Both 2206 and Jubal are PAF. You can see the power in these Gridiron 437W genetics with the conformation and correctness of these heifers. This heifer is line-bred to Gridmaker 104 PET and traces to the great donor mating of LHD Cigar on DVCR Lady Duke 706 PET, the Rena cow family. Outcrossing this heifer now will see a unique development. She has the proven genetic background to move forward quickly!

Bred A-I on 4/23/24 to JMAR Jubal 5P01. A 3/4 sib to Lot 30, this PAF heifer displays more of the breeding prowess of Gridiron 437W. She also has a very elite pedigree on the bottom side that traces to a well-known donor in this area, JWK Gallicurci G072 ET. She has a major influence, especially in the southeast U.S. 2207 ranks in the top 15% REA and 25% Marb showing a unique combination of traits that are sometimes agnostic to each other. Again, a beautiful designed heifer, very feminine, correct, with tremendous eye-appeal!

PAF, Bred A-I on 11/25/23 to Renn Cowboy Romeo 1505. Retaining one successful flush. Has been flushed once. Out of our great donor, WC Clarice 2214 that topped the 2023 Southern Connection sale at \$10,000 going to Nick Williams, AL. 2114 would also be a paternal sib to JMAR Jubal 5P01, the 2nd high selling bull at \$25,250 to JMAR Jefferson. Chism has been one of the EPD spread bulls and has done a great job in Canada and now the U.S. Another very solid pedigree that takes the "gamble" out of selecting! Great future to this outstanding lot!

PAF, Bred A-I on 11/25/23 to LT Blue Value 7903 ET, EM745516. Retaining one successful flush! WOW! A Silver Gun daughter! And out of a great Fink bred cow, the magical mating of Gold Standard on a Free Lunch cow. Just doesn't get any better! Her EPDs soar with a top 1% in WW and YW, 9% in MTL, 1% CW, 2% REA, 3% Marb, and 1% TSI, (305.35). The total package here in this superb offering! This could be your headliner cow in your herd! Tremendous opportunity to invest in a great one! Silver Gun's were "hit" of Fink's Spring Sale!

Sells Open. HOP, Retaining one successful flush. 3868 is a maternal sib to LCC Miss Lady 8857 6868 FL that sold for \$33,000 in Denver sale to Riverdale Land & Cattle. She exhibits good numbers ranking in the top 10% WW, 6% YW, 7% CW, and 15% TSI, (277.84). She had an actual weaning wt of 744, a very good weight for a heifer! But this isn't just any old heifer! A super model in efficiency and design. Spectacular pedigree, numbers, phenotypically top end, out of a time proven sire, Ledger!

Open Heifer. Quite an offering in this exclusively bred young prospect! She ranks high in EPD charts, in the top 1% for WW and YW, 30% MTL, 2% for both CW and REA, and 1% for both Marb and TSI (301.11). Her dam has produced 56 progenies and ranks in top 1% for both Marb and TSI. A full sister to 4334 sells as Lot 53 and two maternal sibs as Lots 54 and 55. 4334 traces through her grandam to the great mating of of Grid Maker 104 x M6 Ms E46's Duke 248, (186 progenies), the same mating that created M6 New Standard 842's dam.

Selling 3 Conventional embryos from the mating of JMAR Hosea 2M70 x OHF Smokin H816 ET. H816 comes from a great cow family. A maternal sister sells as Lot 9 in this sale. Her donor dam is now working in the ET program for Cawley Cattle Co., GA and was used heavily by Oak Hill and Herndon Farms ET programs. H816 was a top pick a couple years ago in the Southern Connection Sale, but unfortunately H816 is deceased and this will be the last chance to obtain her genetics. She was a powerful appearing female, deep-bodied, lots of volume. An excellent flushing cow with a great disposition.

Selling 3 IVF embryos from the mating of RBM Keystone H41 x Fink Perfection 9315 3833 GS. An outstanding Fink cow used in the Bella Angel, Arlitt, Allen, and Evans ET programs. Although she ranks in top 1% for Marb in the breed EPDs and top 4% TSI, (275.69), she also excels in growth, top 20% WW and 10% YW, and 15% CW. Fink's have numerous females with the same genetic makeup of M6 Grid Maker 104 x M6 Ms E46's Duke 248, (186 progenies), the same mating that created M6 New Standard 842's dam. This mating would include the grandam of 9315!

LCC MONTANA RUTH 1649

64A: Pld heifer calf # 1194, born 12/3/23, bw 75, sired by JMAR Jefferson 8M11. Sells A-I bred on 2/2/2024 to WC Inferno 6561 P, M897949. DUE 11/8/24. FANTASTIC PAIR! Both cow and daughter are PAF and HOP. Stunning cow with heaps of volume and capacity. Great udder quality and attachment on a well-designed structure. She also ranks in top 15% for Marbling and 4% for TSI, (275.91). Show quality calf ranks in top 1% for WW, YW, 25% Marb, and 1% TSI, (312.54). You can't be serious about purebred cattle if this heifer doesn't peak your interest!

8 Months safe in calf sale day to WCR Gambler 1167. This super heifer ranks in the top 40% WW, 7% YW, 20% for both Milk and MTL, 5% CW, 40% REA, and 5% TSI, (285.04). Gambler is PAF and HOP. A very solid bred young heifer from the proven Maureen Cow family that goes back several generations at Reaves. Tank continues to be very popular due to the quality of his calves, their growth and performance and solid numbers. These good young cows have great potential for the next several years of production.
