WELCOME FROM OUTFRONT CATTLE SERVICE

Welcome to the 27th Annual Sale of Excellence!

We have some awesome consignments for you this year! Each year it seems this sale reaches a higher level of Quality and Substance! We have several sister groups that are intriguing! This year we're proud to add several new consignors that have exciting programs and add one of the oldest continuous programs in the breed, Rogers Bar HR Ranch. Doug Rogers has elevated this program one of the best in the nation! After a great start with his American Patriot Sale, the Stretcher's are offering a Pregnant Recip from their donor pick of the Eaton Herd! We're very proud to have both Fink Beef Genetics and Larson Cattle Co with very strong Embryo consignments from cows that have topped many sales, including the National. Some of the cows were picks that they sold here in the Sale of Excellence for \$25,000 that have gone on to become National favorites and generated even more dollars for new owners. Aristo loaded up with another set of females like the \$16,500 top selling heifer last year! They too have some amazing embryos and semen! Claystrong has taken his purchases from last year's sale, along with others, to become a big influence in the breed in a short time! The Lehmann's have another exceptional set of young females of prominent bloodlines and EPDs. I think you will enjoy the quality that Hudspeth is bringing in the strong set of Rooster daughters! Cole & Pat McCurdy have risen to the top in many sales in just a short time. You'll be wanting to take their Zegasus' daughters home, they are awesome females! Bella Angel is selling one of the highlights in her special donor cow, NH Lady 7450 0409 FL, described as one of the most perfect brood cows in the breed with embryos and recip's by her! And we always acknowledge the value of having DeBruycker's "Pick of the Herd" that has had such a monumental place in the industry! The Arlitt's and Evans' have again set the pace with some powerful ET heifers and matings! They have consigned at least 15 lots every year for 27 years! 405 head each! How many could do that and still have the great herds that they have! Master breeders! I can't begin to do justice to all the consignments, but as you will see, few can match this sale! Our Thanks and admiration to all that consign and attend one of the most important events of the Year in Charolais!

Sincerely,

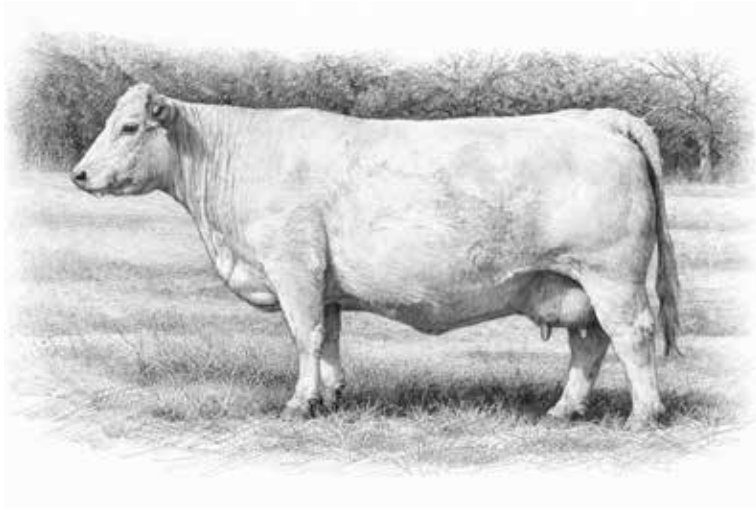

Dennis Adams

Safe in calf to DC/CRJ Stars and Stripes K3051, DUE September 28, 2026. Ms Avery 4M is a maternal sib to Lot 11, her dam being 950, one of the largest cows in the breed weighing over 2200 lbs. A perfect combination for Landmark, a calving ease bull. S&S was the top selling bull in the 2024 DeBruycker Bull sale. A son in the American Patriot sale sold for \$15,000 at 9 months and a full sister sold for \$10,000, same age and same sale. A very exciting combination!

JDJ MS CIGAR B2011
DAM OF LOTS 20-23

Few cows have had a bigger influence in the breed than this outstanding Donor. She was the "Pick of DeBruycker Herd" from the 2017 Sale of Excellence. She will have almost 90 progenies registered with AICA by Sale time. A prolific embryo producer, she avg. over 25 #1 embryo per flush. A super disposition, Rick can give her embryo shots out in the pasture with a little feed on the ground! An excellent quality Udder enhances her value as well. Her first daughter sold for \$9500.00 and several sons and daughters have been top sellers in numerous sales! An excellent opportunity to own an elite daughter by top of the lines sires! Lots 20-23.

Sells Open. Love the volume, spring of rib, and depth of these naturally thick Zegasus daughters! Zegasus is a paternal sib to LT Ranch's Dutton and Outlaw bulls from DeBruyckers. His offspring are becoming "go-to" for additional muscling and easy fleshing ability. Zegasus' sire, Shazam, is out of the BHD Ms Cobalt Z767, that topped the 2020 Sale of Excellence from DeBruycker's Pick of herd! Great genetics continue to perform!

Sells Open. Interesting how former consignments end up having an influence in future Sale of Excellence sales. The sire of this heifer is out of the 409 cow that sold for \$9,000 to M6 Ranch. Later M6 sold the cow as a pair to Sara Shephard for \$24,000. This bull did a great job for Heath! The dam is sired by Y3091, that was the high selling fall bull in a former DeBruycker sale. His dam, P232, was a Pick of the Herd one year for Morley and Hyde! She has been a great one for his ET program.

Sells Open. A great performance heifer, weaning over 620 lbs. You appreciate her length of body, straight lines, and correctness of structure! She traces to the J160 Cigar cow that topped a Appalachian Classic sale years ago by M6 and C5 Charolais. The one 160 cow was also used in the Al Ragsdale herd, TX. This well-bred heifer will make an outstanding brood cow!

Sells Open. You can't go wrong when you have a pedigree founded on proven performance on both sides! The MV 2070 Duke-Cigar 331 had 25 progenies recorded with AICA. That foundation of Duke 914 blended with Cigar created multiple individuals that exceeded the average in performance and sale ability in the industry! This big heifer displays the size and growth associated with Pegasus. Her depth and spring of rib indicates easy fleshing ability and broodiness.

Sells bred A-I on 3/4/26 to WC Megatron 3341 P, an HOP and PAF sire. Espina has a great pedigree, her sire bred by Severences in SD is out of LT's Authority bull with 1221 calves recorded and a very proven performance sire. Her dam traces to an interesting old pedigree with the 2104 cow. She was out of the best Ali Ruler W31 daughter, Y147, that F&F Charolais, TN., had until their dispersal. The 53R cow was flushed and had 15 calves recorded for Happy 11.

Selling 5-IVF Embryos from mating of WCF Mr Silver Gun 467 x LCC Miss Lady 0464 7753 GS. This fancy, stylish Gold Standard displays the great udder, feet, correctness, and maternal power a donor should exhibit. She was the Pick of Flush that sold in the Sale of Excellence to Taylor Stabel, Full Circle Cattle. She has a daughter selling in the Spring 2026 Fink sale that is same breeding as these embryos! She ranks in the top 1% for Marb and TSI, (310), 3% CW, 4% YW, and 20% for both WW and REA. She is the #36th in Marb for entire breed!

Selling 5-Straws of Semen on VPI Free Lunch 708T. Free Lunch and Gold Standard are the pillars of the Larson and Fink programs. Few if any in the breed can match the Marbling genetics this combination has built! The females have been awesome for maternal and milking ability while contributing super growth and muscling. Bulls continue to sell well by this sire! Limited semen is available anywhere!

With over 140 head to select from and 40 with greater than +70 EPDs for MTL. That is quite an accomplishment! If you haven't had a chance to visit Bar HR lately, it's one of the highlights you will find in the business today. Compliments to Doug Rogers and the tremendous job he has done with this herd! You will find some of the most feminine, good uddered, stylish brood cows in the beef business! Few can offer the success in the Bull testing facilities with the records set by Bar HR Bulls! They have dominated many test stations of all breeds for rate of gain! One of the largest herds in the South and developed for ability to forage and perform on grass! The Quality and Hospitality of the Rogers' will truly make an exciting and profitable trip to MS.

This has been a highlight of the Sale of Excellence for many of the 27 years!

The many years and success of this annual purchase has been a highlight of the Sale! The beauty of Montana and Hospitality of the DeBruyckers in making the selection is unmatched. Many have taken side trips to the process, especially if you have never been to this area! At the very first Sale of Excellence, Camp Cooley made the purchase of JDJ Ms Perfect G166 for \$25,000.00. In almost every sale and their dispersal, she and her offspring were some of the main attractions and high sellers! A multitude of great ones have since joined elite ET programs like those listed below. One of the largest Charolais herds in the World, it will take you 2-3 days to observe all the cattle with the travel involved. (Not that you may not see one in the very first pasture, but it is a fun and challenging opportunity). They have one of the best reputations with Ranchers and Feedlot operators for the success of their genetics! If a pair is selected, DeBruycker's reserve a ¼ semen Interest in the bull calf. Selection must be made by August 1, 2026.
